SELF-CARE

A Key to Affordable, Accessible and Sustainable Healthcare

Launching the European study results on the social
and economic value of Non-Prescription Medicines

PROGRAMME

About the event

Following the publication of its study on the [economic and social value of self-care in Europe](#), the AESGP is organising a parliamentary event on 15 November to discuss the study's key findings and strategies to pave the way for a bolder and more ambitious self-care policy in Europe.

Entitled "Self-Care: A Key to Affordable, Accessible and Sustainable Healthcare", the event will invite high-level delegates from the European Commission, the European Parliament, the OECD and other stakeholders.

Venue

Thon Hotel EU
Rue de la Loi 75
1040 Brussels

Registration
