

62ND AESGP ANNUAL MEETING

Together for Better Health

Building Safe, Effective & Sustainable
Self-Care in Europe

2–4 June 2026

JW Marriott Hotel,
Berlin, Germany

Welcome to the 62nd AESGP Annual Meeting, convened under the inspiring theme, "Empowering Europe: Advancing Safe, Effective & Sustainable Self-Care." This conference brings together leading voices and stakeholders from across Europe to champion the vital role of self-care in promoting public health and well-being. Over the course of the event, distinguished experts, policymakers, and industry leaders will gather to discuss innovative strategies, regulatory advancements, and sustainability initiatives that are shaping the future of self-care in Europe.

Our program is thoughtfully designed to foster collaboration, knowledge sharing, and meaningful dialogue. From insightful discussions led by esteemed speakers to industry's best practices, this year's meeting promises to be a catalyst for progress. As we celebrate the accessibility and impact of self-care for all Europeans, we invite you to join us in advancing solutions that are safe, effective, and sustainable for generations to come.

About the AESGP Annual Meeting

The AESGP Annual Meeting has been the largest and most attended meeting in the consumer healthcare industry for decades in Europe. Each year, it brings together more than 300 delegates from the consumer health industry, partner organizations and policymakers. The 62nd AESGP Annual Meeting offers a valuable opportunity to explore the current state of the self-care industry and to shape and anticipate upcoming trends with experts in this field.

As the leading European conference organized by the self-care industry for the self-care industry, the AESGP Annual Meeting is a unique opportunity to meet industry colleagues and engage in discussions with healthcare stakeholders and policymakers. It enables industry leaders to build valuable (new) relationships, expand their influence and stay ahead of trends.

Who should attend?

The AESGP Annual Meeting is highly recommended to all executives in the consumer healthcare industry (CEO, marketing, sales, business development, regulatory, research and development, external and government affairs) and all other parties interested in the topic of self-care.

Programme

Tuesday, 2 June 2026

 DRESS CODE: **Cocktail Attire**

19.00 Opening event of 62nd AESGP Annual Meeting

The opening evening of the 62nd AESGP Annual Meeting will invite you to celebrate everyone's access to safe, effective and sustainable self-care in Europe.

Wednesday, 3 June 2026

 DRESS CODE: **Business Casual**

09.00 – 09.30 OPENING: **Welcome and Introduction**

- **Jonathan Workmann**, AESGP President
- **Dorothee Brakmann**, General Manager, Pharma Deutschland

09.30 – 11.00 SESSION 1: **Is Pharmacy Still the Powerhouse of European Self-Care?**

Pharmacies continue to be the main channel for self-care products in Europe, thanks to their accessibility and the availability of expert advice without the need for appointments. Are we fully utilizing the potential of pharmacies in self-care, and are we living up to their expectations? This session aims to address these questions.

- **Moderator: David Ridley**, Journalist, HBW/Citeline
- **Dr. Clemens Oberhammer**, Senior Partner, Simon Kucher
- **Dr. Eckart Bauer**, Head Department Economic and Social Affairs, ABDA
- **Mikolaj Konstanty**, PGEU President, Polish Pharmaceutical Chamber

11.30 – 13.00 SESSION 2: **The Urban Wastewater Treatment Directive: Too Big to Fail — or Too Big to Work?**

The EU's Urban Wastewater Treatment Directive (UWWTD) requires the pharmaceutical and cosmetics industries to cover micropollutant treatment costs no matter their source through an Extended Producer Responsibility (EPR) scheme. This presents a significant uncertainty for business and may significantly raise manufacturing expenses, leading to higher medicine prices, shortages, and reduced EU competitiveness in longer term. The session will convene legislators, stakeholders and industry to discuss challenges of implementing UWWTD and remaining uncertainties.

- **Moderator: Luis Rhodes Baiao**, Governmental and Public Affairs Director, AESGP
- **Dorothee Brackman**, General Manager, Pharma Deutschland
- **Prof. Dr. Nikolaos S. Thomaidis**, Professor of Analytical Chemistry, National and Kapodistrian University of Athens

13.00 – 14.30 BREAK: **Networking Lunch**

Afternoon – Parallel sessions

The aim of the afternoon sessions is to create a space where participants can meet to discuss a number of important industry topics in greater depth, brainstorm ideas, identify issues, take decisions and develop solutions. Participants will be able to choose from two tracks and attend as many workshops as they wish.

14.30 – 16.00

TRACK A

● ROUNDTABLE

Consumer journey to self-care

This session explores the consumer journey to self-care, from awareness and health system incentives to purchasing self-care products.

- AI in advertising clearance
- Mapping of consumer journey by consultant
- Social media as a sales channel

- **Dr. Thilo Kaltenbach**, Partner, Roland Berger GmbH

TRACK B

● ROUNDTABLE

Mental health and cognitive wellbeing

Mental health conditions – particularly depression and anxiety – remain among the most prevalent and impactful health challenges, placing a significant burden on individuals, healthcare systems, and the wider economy. The session will provide an overview of the current state of mental health in society, examining key trends and solutions and highlight the key role selfcare can play. In addition, emerging insights into the role of the microbiome and the brain-gut axis will be explored, with a focus on how this growing body of knowledge can support the development of novel approaches.

- **Moderator: Christelle Anquez-Traxler**, Senior Regulatory Science and Strategy Lead, AESGP
- **Marion Devaux**, Health Economist / Health Policy Analyst, Directorate for Employment, Labour and Social Affairs, Health Division OECD
- **Martin Burkart**, Vice-President Global Medical Affairs, Schwabe Group

16.30 – 18.00

● INFO SESSION

Future of self-care packaging

The self-care industry is adapting to new packaging rules and learning what it means to be part of the EU single market. Companies find ways to show their sustainability through recyclability, waste reduction, and environmentally safe packaging. This session will provide insights into how industry can navigate these changes across EU borders and supply chain.

- **Moderator: Ville-Walteri Virtanen**, Regulatory Affairs Manager, AESGP
- **Marzia Scopelliti**, Senior Public Affairs Manager, Europen
- **Manon Ombredane**, Counsel, Squire Patton Boggs

● ROUNDTABLE

Afternoon – Parallel sessions

The aim of the afternoon sessions is to create a space where participants can meet to discuss a number of important industry topics in greater depth, brainstorm ideas, identify issues, take decisions and develop solutions. Participants will be able to choose from two tracks and attend as many workshops as they wish.

14.00 – 15.30

TRACK A

● ROUNDTABLE

Value of vitamins and minerals in wellbeing

The session aims to foster an open dialogue among policymakers, health professionals, scientists, and consumer organizations. Participants will examine the scientific evidence supporting different nutrient thresholds, consider public health implications, and address concerns from both industry stakeholders and the general public. By highlighting best practices and recent research, the discussion hopes to inform upcoming regulations and ensure that any established limits strike a balance between safety, accessibility, and optimal health benefits for European citizens.

- **Moderator: Klavdija Kmetič**, Regulatory & Policy Associate Director, AESGP
- **Dr. Evelyn Breitweg-Lehmann**, German Consumer Protection and Food Safety
- **Laura Fernandez**, Director General, EUFIC
- **Kostas Mantantzis**, Global & EMEA Medical Business Lead, Nutritional Health, Bayer
- **Lisa Jamieson**, Pharmacist Consultant, MRPharmS, Enucleo Limited

TRACK B

● ROUNDTABLE

Beyond the Billboard – The Value of Modern Advertising

Consumer health advertising offers value on several levels. For businesses, advertising focuses on boosting demand for particular treatments and driving up revenue. Meanwhile, consumers benefit by gaining knowledge about diseases and treatments, which helps them make informed choices and encourages healthier lifestyles. Advertising also offers opportunities for healthcare systems to raise awareness of self-care and rationalise patient care pathways in case of minor ailments and other self-treatable conditions.

- **Moderator: Paul-Etienne Schaeffer**, Life Sciences Regulatory Affairs Manager, AESGP
- **Michelle Gibbons**, Director General, European Brands Association
- **Laura Kelly**, Deputy Chief Executive, PAGB
- **Catherine Armitage**, Legal and Policy Officer - Team Leader – Advertising, European Commission
